INDEX TO VOLUME LXI, 1949

PAGE

Aircraft Gas Turbines, by Robert L. Wells ... 785
Alloys, Heat-Resistant, for Aviation (Reprint) ... 952
Alloys, High Temperature, Comparison of (Reprint) ... 149
Alloys, Titanium, for Aircraft (Reprint) ... 908
Analysis of Folded Dipoles, Qualitative Analysis of (Reprint) ... 691
Appropriation Acts, Naval, Structure (Reprint) ... 431
Arresting Gear, Carrier, by Joseph C. Terry ... 319
Association Notes ... 306, 522, 777, 981
Ball Bearings, High Speed, Methods of Lubricating (Reprint) ... 270
Behavior of H.M. Ships During the War, Notes on (Reprint) ... 408
Boat Program, U. S. Navy Plastic, by A. C. Bushey, Jr. ... 10
Boat Program, Plastic, U. S. Navy, by A. C. Bushey, Jr. ... 865
Boats in Cold Weather, by Arthur C. Bushey, Jr. ... 365
Boilers, Marine, Engineering and (Reprint) ... 737
Book Reviews:
  Resistance, Propulsion and Steering of Ships, by Dr. Ir. W. P. A. Van Lammeren, Prof. Ir. L. Troost and Ir. J. G. Koning ... 511
  The Radio Amateur's Handbook ... 512
  The A. R. R. I. Antenna Book ... 768
  Scavenging of Two-Stroke Cycle Diesel Engines ... 770
  Hardenability and Steel Selection ... 975
Bushey, A. C., Jr.,
  The U. S. Navy Plastic Boat Program ... 10
  Boats in Cold Weather ... 365
  The U. S. Navy Plastic Boat Program ... 865
Carlson, Milton, Management Engineering ... 837
Catapults, Military—Their History and Development, by J. E. Scholl ... 126
Changes in Membership ... 301, 515, 772, 976
Comassar, Seymour, Gas Turbine Power Plants ... 347
Combustion, Atomization of Liquid Fuels for (Reprint) ... 650
Completed Staff Work, Engineering Reports as, by S. E. McCrary ... 7
Compressors, Gas Turbine, Rotary, by Irwin E. Jackson, Jr. ... 829
Computers, Digital, and Their Applications, by Albert E. Smith and Dr. C. V. L. Smith ... 137
Controllable-Pitch Propellers (Reprint) ... 285
Controllable Propeller System, by Harry J. Nichols ... 599
Controls, Pilot House (Reprint) ... 698
Corrosion of Turbine Journals (Reprint) ... 664
Creech, Merl D. and James O. Melton, Natural Frequencies ... 589

PAGE

Creep in Metals, Mechanism of (Reprint) 892
Death Notices 300, 514, 771
Dehumidification, Ship, Practical, by Albert S. Gates, Jr. 575
Design and Welding of Ships, New Factors to be Considered in (Reprint) 494
Diagrams, Time-Base Indicator, Effect of Phase Errors in (Reprint) 967
Diesel Engine in United States Navy, by E. C. Magdeburger 45
Diesel Engine, The Opposed Piston (Reprint) 958
Diesel Engine Parts, Surface Treatment of (Reprint) 887
Diesel Engines and Their Fuels (Reprint) 914
Digital Computers and Their Applications, by Albert E. Smith and Dr. C. L. Smith 137
Discussion, of articles on Firesides Deposits, by W. A. Lambertson in May 1949, Journal; by Frank E. Clarke 765
Discussion, Paper on Metallic Tracers and Naval Research by Julius Harwood in Feb. 1948 Journal, by Peter J. Mourer 298
Discussion, paper by A. C. Bushey on Naval Plastic Boat Program in Feb. 1949, issue, by J. S. McGuire 509
Dispersal of Industry for Security (Reprint) 683
Editorial Notes 1, 315
Electrical Insulating Varnishes, Testing, by Herbert G. Steffens 375
Electrical Insulating Varnishes, Testing, (Cont.), by Herbert G. Steffens 613
Ellis, Cecil B., The Outlook for Nuclear Power 108
Engineering, Management, by Milton Carlson 837
Engineering Reports as Completed Staff Work, by S. E. McCrary 7
Examination of Surfaces, by John W. Sawyer 819
Exchangers, Heat, Marine-Type, Fouling of (Reprint) 469
Exchangers, Ion, by Harry Fleisher 845
Failures, Tailshaft, Liberty Ships (Reprint) 506
Fleisher, Harry, Ion Exchangers 845
Fireside Deposits, by W. A. Lambertson 368
Flame Hardening Methods and Techniques (Reprint) 256
Folded Dipoles, Qualitative Analysis of (Reprint) 691
Fouling of Marine-Type Heat Exchangers (Reprint) 469
Free Machining Steels, by W. Lee Williams 543
Frequencies, Natural, by Merl D. Creech and James O. Melton 589
Fuels, Diesel Engines (Reprint) 914
Fuels, Liquid, Atomization of for Combustion (Reprint) 650
Gas Turbine Compressors, Rotary, by Irwin E. Jackson, Jr. 829
Gas Turbine Future, Free Piston Gas General Brightens, by Lisle F. Small 23
Gas Turbine Power Plants, by Seymour Comassar 347

PAGE

Gas Turbines, Aircraft, by Robert L. Wells ... 785
Gas Turbines, Land and Marine, Prospects of (Reprint) ... 461
Gates, Albert S., Jr., Practical Ship Dehumidification ... 575
Gears, Fine-Pitch, Grinding of (Reprint) ... 464
Grinding Fine-Pitch Gears (Reprint) ... 464
Hardening, Flame, Methods and Techniques (Reprint) ... 256
Harrison, Charles W., Jr., Lines ... 333
Heat Exchangers, Marine-Type, Fouling of (Reprint) ... 469
Heat-Resistant Alloys for Aviation (Reprint) ... 952
Hertz, David B., The Method of Research ... 869
History and Development of Military Catapults, by J. E. Scholl ... 126
Indicator Diagrams, Time-Base, Effect of Phase Errors in (Reprint) ... 967
Insulating Varnishes, Electrical, Testing, by Herbert G. Steffens ... 375
Insulating Varnishes, Electrical, Testing (Cont.), by Herbert G. Steffens 613
International Screw Thread Standardization, by J. W. Jenkins and K. D. Williams ... 531
Ion Exchangers, by Harry Fleisher ... 845
Jackson, Irwin E., Jr., Rotary Gas Turbine Compressors ... 829
Jenkins, J. W., and K. D. Williams, International Screw Thread Standardization ... 531
Jet Engines, Resistance Welding for (Reprint) ... 749
Journals, Turbine, Corrosion of (Reprint) ... 664
Keatley, John H., Naval Procurement ... 799
Lambertson, W. A., Fireside Deposits ... 368
Lines, by Charles W. Harrison, Jr. ... 333
Longitudinal Vibration, by C. S. L. Robinson ... 883
Lubricating High Speed Ball Bearings, Methods of (Reprint) ... 270
McConville, T. W., Magnesium as a Shipboard Material,—Negative Considerations ... 35
McCrary, S. E., Engineering Reports as Complete Staff Work ... 7
McGuire, J. S., Discussion of paper by A. C. Bushey on Navy Plastic Boat Program ... 509
Machinery, Propelling, Types, Some Factors in The Comparison of (Reprint) ... 450
Machinery, Steam Gunboat (Reprint) ... 216
Magdeburger, E. C., Diesel Engine in United States Navy ... 45
Management, Application of Statistics to Science of (Reprint) ... 757
Management Engineering, by Milton Carlson ... 837
Magnesium as a Shipboard Material—Negative Considerations, by T. W. McConville ... 35
Marine Boilers, Engineering and (Reprint) ... 737
Marine Oil-Operated Reverse-Reduction Gear, Large (Reprint) ... 294
Mechanism of Creep in Metals (Reprint) ... 892

PAGE

Melton, James O. and Merle D. Creech, Natural Frequencies 589
Metallizing in Relation to Marine Engineering (Reprint) 923
Natural Frequencies, by Merl D. Creech and James O. Melton 589
Naval Appropriation Acts, Structure (Reprint) 431
Naval Procurement, by John H. Keatley 799
Nichols, Harry J., A Controllable Propeller System 599
Nuclear Power, Outlook for, by Cecil B. Ellis 108
Opposed Piston Diesel Engine, The (Reprint) 958
Phase Errors in Time-Base Indicator Diagrams, Effect of (Reprint) 967
Pilot House Controls (Reprint) 698
Plastic Boat Program, U. S. Navy, by A. C. Bushey, Jr. 10
Plastic Boat Program, U. S. Navy, by A. C. Bushey, Jr. 865
Power, Nuclear, Outlook for, by Cecil B. Ellis 108
Power Plants, Gas Turbine, by Seymour Comassar 347
Procurement, Naval, by John H. Keatley 799
Propeller System, Controllable, by Harry J. Nichols 599
Propellers, Controllable-Pitch (Reprint) 285
Propelling Machinery Types, Some Factors in the Comparison of (Reprint) 450
Propulsion Equipment for 12,500 H.P. Super Tankers (Reprint) 708
Refrigeration, Marine, Modern Practice in (Reprint) 442
Research, The Methods of, by David B. Hertz 869
Resistance Welding for Jet Engines (Reprint) 749
Reverse-Reduction Gear, Oil-Operated Large Marine (Reprint) 294
Riveted vs. Welded Ship Structure (Reprint) 719
Robinson, C. S. L., Longitudinal Vibration 883
Rotary Gas Turbine Compressors, by Irwin E. Jackson, Jr. 829
Sawyer, John W., Examination of Surfaces 819
Scholl, J. E., Military Catapults, Their History and Developments 126
Screw Thread Standardization, International, by J. W. Jenkins and K. D. Williams 531
Seabring, C. S., Spare Parts, Enigma of World War II 94
Secretary's Notes 527, 779
Security, Dispersal of Industry for (Reprint) 683
Shipbuilding, British, The Future of (Reprint) 647
Ship Dehumidification, Practical, by Albert S. Gates, Jr. 575
Ship Structure, Riveted vs. Welded (Reprint) 719
Small, Lisle F., Free Piston Gas Generator Brightens Gas Turbine Future 23
Smith, Albert E. and Dr. C. V. L. Smith, Digital Computers and Their Applications 137
Smith, Dr. C. V. L. and Albert E. Smith; Digital Computers and Their Applications 137

PAGE

Spare Parts—Enigma of World War II, by C. S. Seabring 94
Standardization, International Screw Thread, by J. W. Jenkins and K. D. Williams 531
Statistics, Application of, to the Science of Management (Reprint) 757
Steam Turbine New High Speed Pressure (Reprint) 209
Steam Turbines, High Pressure, High Temperature (Reprint) 189
Steels, Free Machining, by W. Lee Williams 543
Steffens, Herbert G., Testing Electrical Insulating Varnishes 375
Steffens, Herbert G., Testing Electrical Insulating Varnishes (Cont.) 613
Structures, Light Weight Welded, by Samuel Weening 555
Surfaces, Examination of, by John W. Sawyer 819
Surface Treatment of Diesel Engine Parts (Reprint) 887
Tailshaft Failures, Liberty Ship (Reprint) 506
Tankers, Super, 12,500 H.P. Propulsion Equipment for (Reprint) 708
Terry, Joseph C., Carrier Arresting Gear 319
Testing Electrical Insulating Varnishes, by Herbert G. Steffens 375
Testing Electrical Insulating Varnishes, (Cont.), by Herbert G. Steffens 613
Titanium Alloys for Aircraft (Reprint) 908
Turbine, Gas, Free Piston Gas Generator Brightens Future of, by Lisle F. Small 23
Turbine Journals, Corrosion of (Reprint) 664
Turbine, Steam, High Pressure High Temperature (Reprint) 189
Turbine, Steam, New High Speed High Pressure (Reprint) 209
Turbines, Gas, Aircraft, by Robert L. Wells 785
Turbines, Gas, Land and Marine, Prospects of (Reprint) 461
Turbo-Blower, Water-Cooled, British (Reprint) 745
12,500 H.P. Super Tankers, Propulsion Equipment for (Reprint) 708
Varnishes, Insulating, Electrical, Testing, by Herbert G. Steffens 375
Varnishes, Electrical Insulating, Testing, (Cont.), by Herbert G. Steffens 613
Vibration, Longitudinal, by C. S. L. Robinson 883
Weening, Samuel, Light Weight Welded 555
Welded Structures, Light Weight, by Samuel Weening 555
Welded vs. Riveted Ship Structure (Reprint) 719
Welding and Design of Ships, New Factors to be Considered in (Reprint) 494
Welding, Resistance, for Jet Engines (Reprint) 749
Wells, Robert L., Aircraft Gas Turbines 785
Williams, K. D. and J. W. Jenkins, International Screw Thread Standardization 531
Williams, W. Lee, Free Machining Steels 543
